

Trafford Tigers

As the name suggests we all play regularly at Trafford Bridge Club and are involved in the teaching undertaken by the club.

A new beginners course starts in September 2018 and we welcome all new players.

John says his bridge has improved no end since he started teaching beginners at the club 7 years ago.

The team has been going for about 6 years, originally with myself and Yvonne Brooks and John McIntee/Brian Tarnowski. We were promoted that first year but John and Brian decided not to continue and Clive & Helen Worthington joined the team. Yvonne then moved to Wales and John stepped in as my partner 4 years ago.

The four of us have been a team for the past 5 years. This is the third time we have been promoted but, on the previous two occasions we were relegated the following season. We are hoping to survive a bit longer this time.
