Andrew Robson has described Peebles and the SBU Congress in The Times as “the Murrayfield of Bridge”.

We aim to make the congress a unique experience for all participants of any standard. It is intended to be an occasion which is as enjoyable socially as it is challenging in the excitement and expectations at the table.

The main Pairs event is a qualifier followed by a Main Final & Consolation Final with a Swiss Pairs event for those who don't make these finals. The main Teams event is a qualifier followed by a Main Final, Consolation Final and Subsidiary Final. The Open Pairs on Friday afternoon will have prizes for the best Mixed, Men's and Women's Pairs. The Speedball which as the name suggests happens at double speed is a fun event to finish the Saturday. On Sunday evening we shall have a Pairs competition playing some interesting pre-played hands from days gone by.

SBU Chairman
Alan Goodman

Congress Convener
Anne Perkins

Chief Director
Chris Miller

The Hydro sits on a hillside above the small historic Borders town of Peebles which is well worth a visit for the many and varied small shops or a walk along the River Tweed.

The hotel offers many leisure facilities including a swimming pool and spa – further details on the hotel website.

If you want to see more of this fabulous area, it is possible to extend your stay. Peebles has a regular bus service to and from Edinburgh for anyone not travelling by car.
